

# 41 Wengen – Kleine Scheidegg

Easy, well-made path

JUNGFRAUBAHNEN

**Hiking time:** 2:30 h

**Character:** easy, well-built path with high-Alpine charm. From Wengen the path leads along the terrace at the foot of the Männlichen chain, through forest and Alpine meadows, climbing gently via Allmend to Wengernalp (1873m). It then crosses the Lauberhorn slopes to Kleine Scheidegg (2061m). From here you have the option of following the high-Alpine panorama path to Männlichen or hiking over a moraine landscape to Eigergletscher (2320m) and possibly taking the Eiger Trail down to Alpiglen.

**Highlights:** a classic hike over a mountain pass, offering breathtaking views of the Eiger, Mönch & Jungfrau and down into the unspoilt Trümmelbach Valley. The path blends beautifully into the landscape - an absolute must for all visitors to the Jungfrau Region.

**Hikes from Kleine Scheidegg:**

- 33 Kleine Scheidegg – Männlichen 1:20 h
- 34 Kleine Scheidegg – Alpiglen – Grindelwald 2:30 h
- 37 Kleine Scheidegg – Eigergletscher 1:20 h

**Fascinating facts:**

Kleine Scheidegg is the summit of the mountain pass between the Eiger and Lauberhorn peaks and links Grindelwald and Lauterbrunnen. Kleine Scheidegg also offers hotel accommodation and is the station for two cogwheel railways, the Wengernalp Railway (since 1893) and the Jungfrau Railway (since 1896).

In winter, Kleine Scheidegg and Männlichen are key points in the extensive skiing region around Grindelwald and Wengen.

**Kleine Scheidegg Falconry:**

Various species of raptors demonstrate their superb flying skills on Kleine Scheidegg. The Eiger North Wall Falconry shows take place daily from mid-June to mid-October, just a few metres away from Kleine Scheidegg railway station. In addition to marvelling at aerial acrobatics, spectators also learn many fascinating facts on these beautiful birds of prey.

Advanced booking recommended for groups (033 855 33 22, Rest. Eigernordwand).
